**Ellanor Boehning, San Diego, CA, 13**, is a member of the San Diego Chapter of the California Dressage Society. Ellanor is a seventh grader at Maranatha Christian Schools and is in FCA, concert band, and was elected to ASB (student government). **Genevieve Rohner, Park City, UT, 10**, is a triplet born at 28 weeks. As a premature infant, her underdeveloped neurological system led to a diagnosis of Cerebral Palsy, Sensory Integration Disorder, and incorrectly positioned right leg bones. One of her brothers had a stroke at birth and also has Cerebral Palsy. At four years old, he was in a Hippotherapy clinical trial with Ride-On Therapeutic Horsemanship, a para-dressage Center of Excellence. Genevieve decided to try riding and fell in love. Progressing from Hippotherapy to Therapeutic riding to Para-dressage, she discovered not only a love of horses, but a love of competing. The connection between horse and rider provides a sense of calmness for her. She has developed into an accomplished rider under the tutelage of Megan McQueeney and Sydni Nusink. At 10 years old and officially classified as a Grade V rider, Genevieve is focused and passionate about being a competitive para equestrian and is always looking for more equine knowledge. 2018 was her first year in rated shows. While training on one horse in Utah and competing on another in California, she qualified for Junior Championships, CDS Regionals, and USDF Regionals at Training Level, placing 5th overall in all events.

## Jouelle Kimura

**Jouelle Kimura, Folsom, CA, 16**, has been riding dressage for four years. Her equestrian journey started when she was 12 years old, when she met her schoolmate's mother, a dressage trainer in the Arabian circuit. Jouelle had wanted to ride for a long time, but she was very green and didn't know what dressage was or what Arabians were. All she knew was that she wanted to ride, and since the trainer was a parent from school and there were no jumps involved, she figured her mom would be okay with the arrangement. Unfortunately, her mom was still not very keen on her riding. So, after pestering her mom for a while, she decided to ask her dad instead and he contacted the trainer and set up her first lesson. The rest is history and Jouelle still loves riding as much as the day she first got on a horse. Jouelle is not with her first trainer anymore, but will always be grateful to her for the riding basics she taught her. Currently, she is preparing to compete at Second Level with the goal of earning her USDF Bronze Medal. She does not currently own a horse but feels very lucky to be able to lease horses and ride other people's horses at her training barn. She feels very lucky to have a good support system of parents, an amazing trainer, horses, and friends. She is very excited for this opportunity and would like to thank USDF for awarding her the Youth Convention Scholarship.

**Sofia Ireland, Berwyn, PA, 18**, developed her passion for dressage at her grandparent's farm, The Dressage Center in East Fallowfield, PA. Additionally, she has earned a pin in the USDF Youth Dressage Rider Recognition Pin Program for the last two years and is currently working towards earning her third. Sofia trains with Timothy Mellott and her grandmother, CharAn Ireland at The Dressage Center and has progressed from First to Fourth Level in two years on her horse, Salon. In 2017, Sofia won the Colonel Bengt Ljungquist Memorial Championship at Second Level in the Jr/YR Division. In 2017 and 2018, she qualified for the Region 1 Championships at Second & Third Levels respectively. In 2018, Sofia earned her USDF Bronze Medal and her Lifeguarding Certificate. When not riding, Sofia is sending out applications for college, babysitting, and volunteering at the Devon Horse Show, her church, and local DVCTA and Pony Club shows.
