USDF

Group Member Organizations Affiliate Verification Form

GMOs are a vital part of USDF and are highly valued in the USDF structure. Therefore, it has become of increasing importance to ensure that each USDF GMO stays visible to the public. Completing this form and returning it to the USDF office as soon as possible will ensure that your GMO will continue to be listed on the USDF website for the following membership year. **This form must be received by December 1 for your GMO to maintain its listing on the USDF website.** Please return the completed form to the USDF office by mail or fax, or email to gmo@usdf.org.

As president of this GMO, I verify that my GMO will participate as a USDF GMO for the following membership year, which starts on December 1. My GMO will adhere to all member roster reporting guidelines and dues requirements in accordance with the USDF Bylaws and Policies & Procedures and will not operate in a manner that is in conflict with USDF Bylaws.

Forms/Rosters to be submitted by GMOs to USDF annually:

- Initial Roster and Dues – submit no later than December 1 to avoid late penalties
- Roster Updates – required to send at least quarterly, but USDF recommends that groups submit rosters as often as possible so that group members do not miss any benefits
- GMO Officials Update Form – submit as soon as the GMO's new officers have been elected

An e-mail will be sent to the current GMO officials on file with USDF in October. This e-mail will include the previous year's roster. It is important that the GMO Officials Update Form is submitted as soon as possible so that USDF can contact the current officials regarding important information throughout the year.
